APE-FP Micro

FP Micro

EasyWay-FP Micro Attendance and Access Control System having Fingerprint Scanner, provides secure platform against proxy punching and unauthorized entry.

FEATURES:

* Standalone Attendance & Access control System
* One touch identification - no need of PIN or Card
* Large storage capacity of 9,000 fingerprint templets
* 22, 000 Punch storage capacity
* Capacity of 2000 employee database with employee card number and employee name.
* Easy functions for finger registration.
* Configuration through keypad or software.
* Voice message indication for acceptance or rejection of finger
* Easy connection for door access
* On board TCP/IP Connectivity
* Round robin Memory

OPTIONAL FEATURES:

* Online Data Transfer

SOFTWARE:

* Proven software for all needs - for less than 10 employees to more than 5000 employees
* Windows based user friendly Transfer and MIS software
* Different software for Offices(without night shifts) and Factories having night shifts.
* Windows based customized payroll available with legal forms (Optional)

TECHNICAL SPECIFICATIONS:

Sensor Type	Optical
Sensing Area	16 X 19 (MM)
Image Size	280 X 320 pixels
Verification Speed	Less than 2 Seconds in 1:N condition
F. R. R.	Less than 0.1%
F. A. R.	Less than 0.001%
Display-Type	128 X 64 Graphic LCD with Backlight
Display	Date, Time, Card Number, Employee Name, Scrolling Message etc.
Indicators	3 LED for Power ON (Yellow), OK (Green) & Error (Red)
Connectivity	TCP/IP
Voice Message	Finger Print Read OK / Error
Memory	256K NV RAM, 22,000 punch storage capacity, 2,000 employee data base, up to 10 fingers per employee
Battery Backup	For RTC - Up to 1 year.
Operating Voltage	5 V DC / 1 Amp.
Output	One Relay (With NO & NC Contact)
Keypad	4 X 4 Numeric & Function Keys
Size (H x W x D)	183mm x 139mm x 50mm
Mounting / Housing	Wall Mounting / ABS housing
Operating Environment	Dust Free - Normal gate environment

OPTIONAL:

UPS (No-load condition)	Four hours battery backup for full operation
Reader	RFID / Smart Card Reader for 1:1 Verification
Data Storage	SDMMC Card Slot (1GB)

Due to continuous product enhancements, specifications are subject to change without notice
